

CURIOSITY – A FRENCH-GERMAN YOUNG CHEMISTS CONFERENCE

CURIOSITY – THE COMMON ELEMENT

CURIOSITY drives all of us and is the basis for excellent research. To encourage curiosity and promote innovative ideas and knowledge transfer along with international friendships, we aim to connect young chemists from all over France and Germany at a joint conference. We are the **YOUNG CHEMISTS OF UPPER RHINE (YCUR)**, an association of curious young scientists from the periphery of the upper rhine region, who are actively committed to the French and German Chemical Societies, the **RÉSEAU DES JEUNES CHIMISTES** of the **SOCIÉTÉ CHIMIQUE DE FRANCE (RJ-SCF)** and the **JUNGCHEMIKERFORUM (JCF)** of the **GESELLSCHAFT DEUTSCHER CHEMIKER (GDCh)**.

AN OPPORTUNITY FOR TRANSNATIONAL EXCHANGE

CURIOSITY – A FRENCH-GERMAN YOUNG CHEMISTS CONFERENCE will take place for the first time on **30th June and 1st July 2022 in Mulhouse**, France at the **Université de Haute-Alsace**. With about **100 participants** expected, this symposium offers a great opportunity for scientific and international exchange and gives you the chance to connect with young talents and potential future employees and customers.

HOW CURIOUS ARE YOU?

We hope we also caught your curiosity about this conference and would be thrilled if you would be interested in supporting and engaging with us. We offer **several sponsorship packages as well as customizable options** to tailor our services to your needs.
